You are cordially invited to join the celebration of
Door Peninsula Coastal Wetlands
now designated a
Wetland of International Importance

Friday, May 22, 2015

Maxwelton Braes Lodge
7670 Highway 57, Baileys Harbor, WI

*Wisconsin's Door Peninsula is known for its natural beauty and rich cultural heritage. Its rocky cliffs, sandy beaches, inviting bays, and deep forests provide habitat for plants and animals, some of which are found nowhere else in the world. In recognition of this globally significant natural heritage the "Door Peninsula Coastal Wetlands" has just been designated as a **Wetland of International Importance** by the Ramsar Convention. Ramsar is the oldest, modern global environmental and intergovernmental agreement that provides a framework for the conservation and wise use of wetlands and their resources.*

Join us for an evening celebration of our world class wetlands.

Kindly reply by May 1st to secure your tickets.

****Contact Kate LeRoy at The Ridges Sanctuary (920) 839-2802****
